# About the Occupational Health and Safety (OHS) Resource Centre

The Occupational Health and Safety (OHS) Resource Centre is an online platform for all health care Joint Occupational Health and Safety Committees (JOHSC) and leaders. It provides easy access to agendas, minutes, resources, and actions to improve and enhance a culture of safety throughout British Columbia (BC).

This manual is for all health care workers accessing the OHS Resource Centre. All registered health care employees can access the OHS Resource Centre to see JOHSC meeting minutes in their organization and provincial OHS resources. JOHSC members, unions, and employer leaders can also manage meeting schedules, meeting minutes, resources, and reports from the committees they belong to.

The OHS Resource Centre was developed by SWITCH BC, with funding from the Nurses' Bargaining Association, the Facilities Bargaining Association, and the Ministry of Health. The OHS Resource Centre is supported by health unions (bargaining associations), health employers, and the Doctors of BC.
