

# Refreshed PVPC eLearning Course Journey

## Food Service Worker

Meet Julie (she/her), a Food Service Worker in a long-term care facility. As Julie makes her way through the course, she has the ability to choose the scenarios that are relevant to her job and workplace.

### SCENARIOS AND ADDITIONAL CONTENT

In the refreshed Provincial Violence Prevention Curriculum (PVPC), all participants learn the same core skills, while having the opportunity to choose to practice those skills in scenarios that most closely apply to their role and workplace. Some participants also receive additional content. This course is designed for people in all healthcare workplaces, including hospitals and facilities, community and client homes, and long-term care.
